within the State of South Carolina.)		

This matter comes before the Public Service Commission of South Carolina (the Commission) on the Application of Telecom Resources, Inc. (the Company) for authority to operate as a reseller of interexchange telecommunications services. The matter came up for hearing on April 1, 1999 at 10:30 A.M. in the offices of the Commission, however, no representative of the Company was present. According to the Commission Staff, no explanation of this absence had been received. Staff also noted that the hearing on this matter had been postponed on two prior occasions.

Accordingly, Staff moved to dismiss the Application in this case. We grant the Motion and dismiss without prejudice. The Company is free to refile its Application at any time. However, all proceedings under the old Application are at an end. We simply will not tolerate failure by an Applicant to appear at scheduled Commission hearings.

In addition, after some consideration, we hereby instruct the Commission Staff to perform a feasibility study concerning the implementation of filing fees with Applications. The Staff will report back to this Commission after completing its study.
